

Joint Action on Increasing Capacities of National Focal Points - NFP4Health

Uneven participation & implementation by countries

uneven Health systems

and health eco-innovation culture
State of Health in the EU

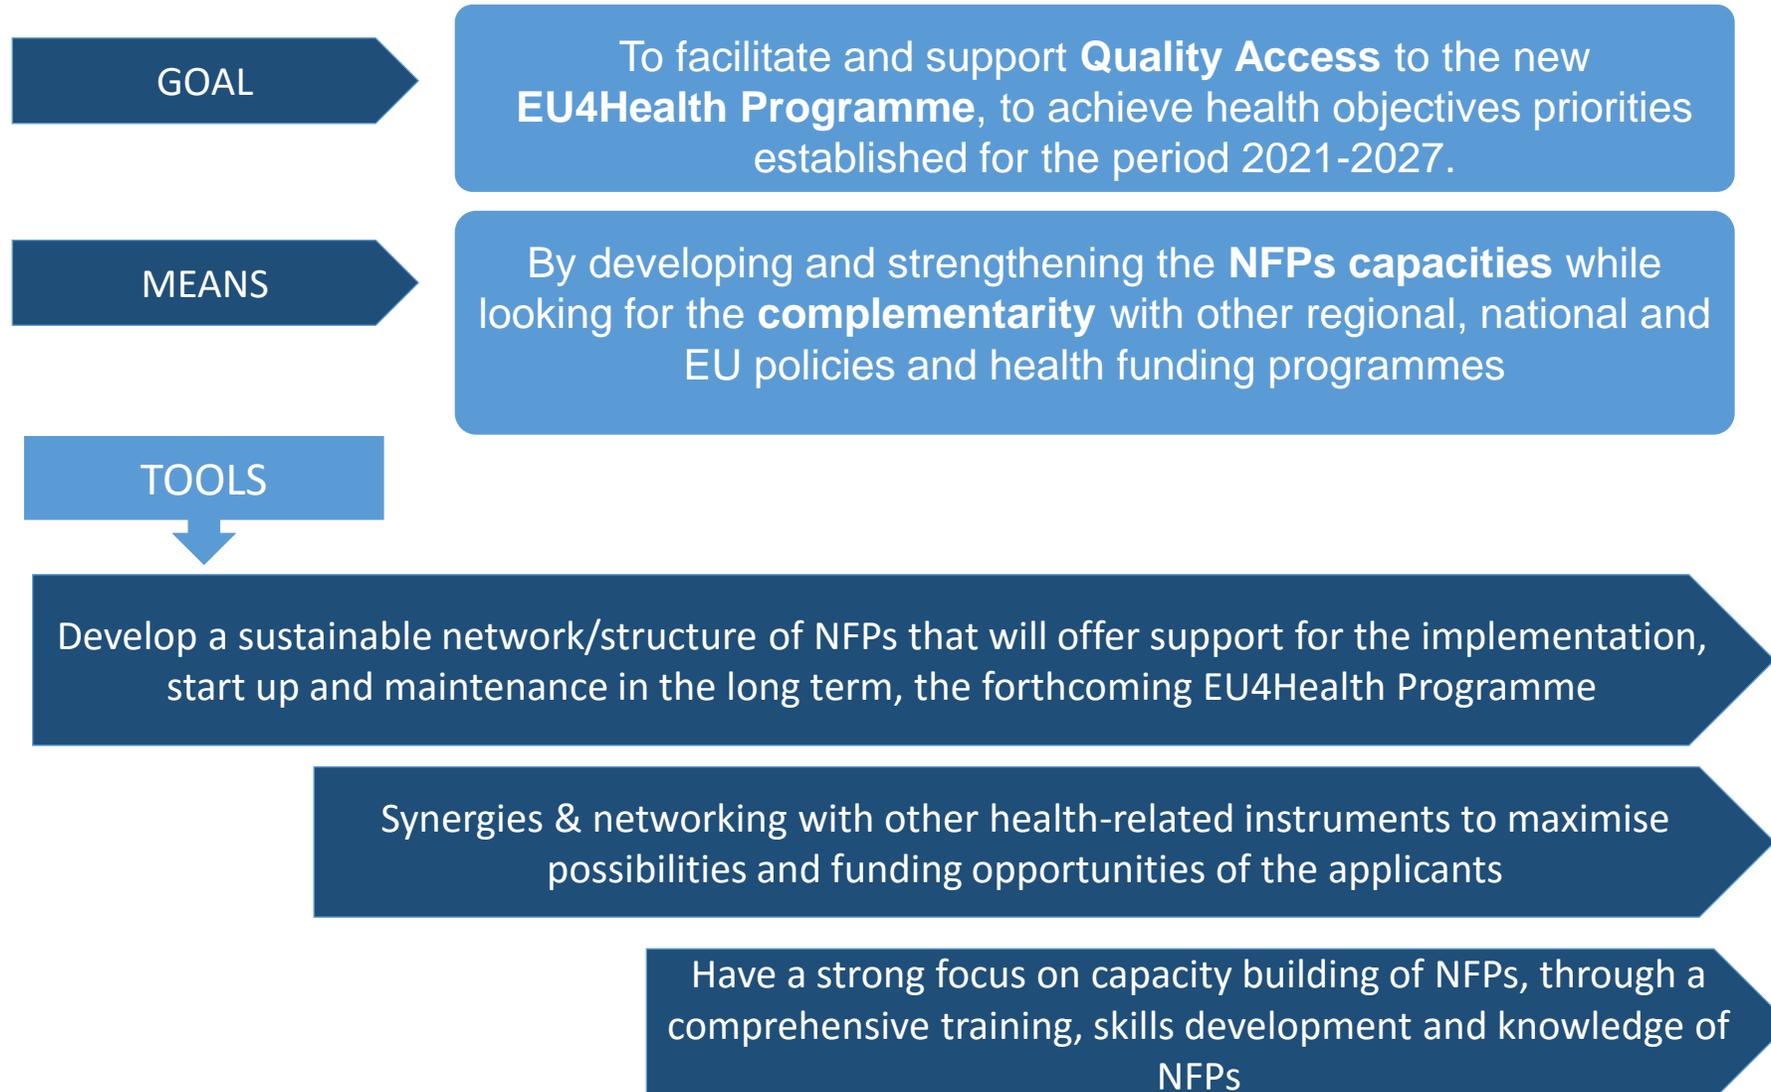

Funds allocated by country and by role 2014-2018 (proportional to the darkness of the color).

NFP4Health Aim at:

- Tackling differences in participation
- Balance the distribution of funds
- Include in the consortium representatives from all ranges of participation to increase the impact

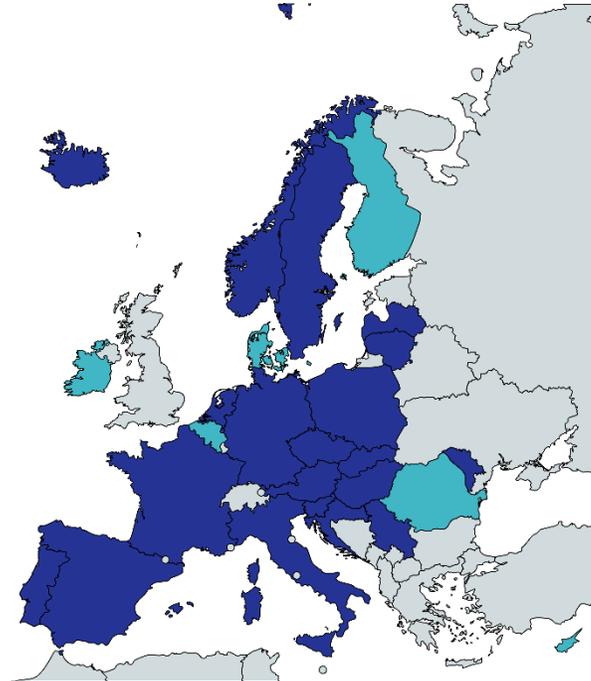

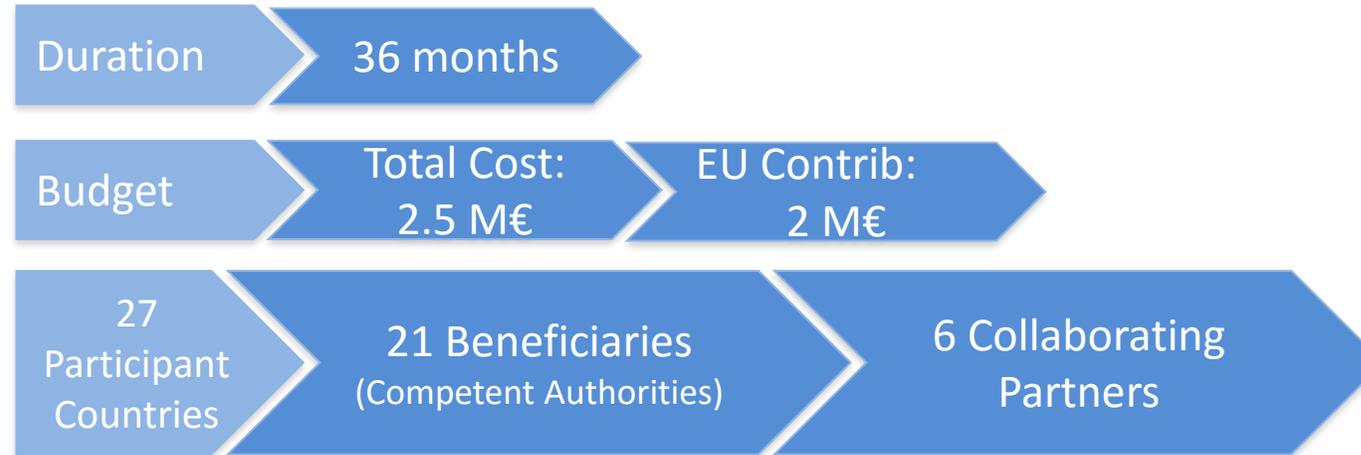

Joint Action on Increasing Capacities of National Focal Points

NFP4Health

NFP4Health: Increasing the capacity of NFPs in a nutshell

2020 Work Programme Topic

**Partners: Spain, Austria, Croatia, Czech Republic,,
France, Germany, Hungary, Iceland, Italy, Latvia,
Lithuania, Malta, Moldova, Netherlands, Norway,
Poland, Portugal, Serbia, Slovakia, Slovenia, Sweden**

**Collaborating partners: Belgium, Cyprus, Denmark,
